

6th Grade Digital Composition Project: Loop Project

Using the program SoundTrap, you will be creating a digital soundtrack using loops from the loop library. You may work either alone or with a partner. Your composition must follow the guidelines given.

Name(s):	
----------	--

Project Grading			
<i>Category</i>	<i>Description</i>	Score	Total
Elements of Music	<ul style="list-style-type: none"> • Contains the minimum: <ul style="list-style-type: none"> ○ 1 minute in length ○ Minimum contains 5 layered tracks of sounds from the loop library. ○ Tracks match each other appropriately. • Must be a unique arrangement (cannot be a pre-existing demo made by someone else). 		25
Composition Process	<ul style="list-style-type: none"> • Stayed on task during the composition process. • Worked efficiently alone/with partner. 		15
Reflection	<ul style="list-style-type: none"> • Filled out reflection appropriately. • Evaluated self positively and constructively. • Evaluated others positively and constructively. • Demonstrated proper audience etiquette during presentation of projects. 		10
Overall Grade			50

6th Grade Digital Composition Project: Original Soundtrack

Using the program SoundTrap, you will be creating a digital soundtrack using different instruments and recording your own audio, essentially a “loop.” You may work either alone or with a partner. Your composition must follow the guidelines given.
